**Officers Called Before Grand Jury Wednesday.**

**An Action to Set Aside an Old Coal Lease.**

Judge G. M. Anderson held court in the open air Tuesday afternoon. Chairs were carried out under the trees and the attorneys had plenty of room to spread themselves.

The exceptions to the final account of Andrew Cassidy, administrator of the estate of Michael Dougherty were heard and overruled. The exceptions were filed by William Cassidy, who alleged that the charges for the legal services of attorneys Stuart and Geo. G. Allen were excessive. It was also alleged that a transfer from the administration was made for the purpose of defrauding creditors. This hearing has been pending in court for a long time. Every point has been hard fought.

**COAL LEASE INVOLVED.**

Attorney Harvey Musser is in Wooster where the case of Jacob I. Weygant vs. Thomas Davis et al is being heard. The defendant lives at Clinton. As the property was located just across the line in Wayne county the case was transferred to the court of that county. The plaintiff asks that a lease on coal lands executed in 1876, be declared forfeited. He alleges that the terms of the contract have been violated by the defendant.

**OFFICERS' DAY.**

The Grand Jury heard the testimony of a number of policemen and City Officials Wednesday. Those called before the jurors were: Judge George M. Anderson, City Clerk Charles H. Isbell, Chief H. H. Harrison, City Commissioner Daniel McGarry, and officers J. E. McAllister, F. W. Baker, A. A. McConnell, J. W. Goodenberger, Thomas Nicholas, John King, Harry Cummins, Eugene Murry, Julius Michelson, Sherman France, Joseph Kemple, and J. M. Edwards. It is alleged that the officers gave evidence that will result in a sensation when the Grand Jury makes its report. The testimony had much to do with the actions of certain officials at the City Building the night of the riot.

**PARTITION ACTION.**

Mrs. Mary Hilbish, a daughter of the late John B. Woods, has filed a petition, naming all the other heirs as defendants, asking that the real estate be partitioned. The petition does not ask for a division of the store at the corner of Main and Market sts. It includes the homestead and a farm located in Coventry township.

**Awarded the Contract For Improving Summit St.**

Contractor P. T. McCourt informed a Democrat reporter Wednesday morning that he had completed the paving of East Market street, from High street to Buchtel avenue, 41 days ahead of the time called for in his contract.

When awarded the contract last spring by the Board of City Commissioners, Contractor McCourt was given 150 days to construct the pavement. He commenced work on the 17th of May and notwithstanding the fact that he was delayed 22 days waiting on the stone curbing to be placed in position, he completed his contract in full in 109 days. In the contract, McCourt agreed to pay \$10 to the city for each day over the limit of the contract.

The Commissioners will recommend awarding the contract of paving Summit street from Market street to Furnace, to Contractor McCourt. His bid was the lowest of several, being \$7044.16. Peninsula or Berea stone will be used in curbing, slag for base, and Wooster pressed block used in paving.

Make an effort to attend J. Koch & Co.'s opening at 7:30 tomorrow evening.

**Action Reconsidered Regarding East Market St. Paving.**

When the territory of Portage and Coventry townships was recently annexed to the city of Akron, the Board of City Commissioners had agreed to place electric lights and extend water mains and sewers for the territory annexed.

Commissioner Paige, chairman of the Lighting committee of the Board, on Wednesday morning recommended the placing of a number of electric arc lights on North Hill and South Akron, and thus fulfill as far as practicable, the promises of the Commissioners to the people residing in the newly annexed territory. By unanimous vote the Board adopted Commissioner Paige's report and within a month's time electric arc lights will be placed at the following street intersections:

**RECONSIDERED ACTION.**

A few weeks ago Contractors Wildes & McCourt, who have charge of the paving at East Market st., from Elizabeth st. to Wilson's barn, notified the City Commissioners that the residents along the street desired the contractors to lay a stone base under the pavement, instead of a slag base, as provided for by the specifications for the street's improvement. The Commissioners refused to comply with the request of laying a stone base, but insisted that a slag base was good enough.

The request for a stone base on the part of the contractors was because the ground along this portion of the street is low and swampy, and a slag base was not considered sufficient for a substantial and solid pavement. A few days ago the property owners circulated a petition and secured the signatures of nearly every resident along this portion of the street. The petition was handed to Contractors Wildes & McCourt, and the latter in turn presented it to the Board of City Commissioners. Tuesday morning the Board decided to reconsider its action in refusing the contractors to lay the stone foundation for the pavement, and will comply with the request of the property owners.

**MINOR BUSINESS.**

**"I'm Ashamed"**

To go anywhere with my face in this condition," is the expression of a very natural feeling. To a beautiful woman an eruption on the face is the greatest of calamities, but very beauty seeming to increase the disfigurement. Ninety-eight times in every hundred, eruptions are cured by Dr. Pierce's Golden Medical Discovery, and the skin recovers its maiden bloom and softness. "Golden Medical Discovery" is a medicine which acts directly on the blood, purifying it, increasing its quantity and its richness. Eruptions, blotches, pimples, etc., are but surface signs of the corrupt blood current underneath. "Discovery" cleanses the blood, and so cleanses the skin.

"For about one year and a half my face was very badly broken out," writes Miss Carrie Adams, of 15 West Main st., Battle Creek, Mich. "I spent a great deal of money with doctors and for different kinds of medicine, but received no benefit. At last I read one of your advertisements, and obtained a bottle of Dr. Pierce's Golden Medical Discovery. Before I had taken one bottle of this medicine I noticed a change, and after taking three bottles I was entirely cured."

Dr. Pierce's Pleasant Pellets keep the bowels in perfect order.

**ENUMERATORS**

**Have Not All Been Paid For Their Work.**

Of the 148 census enumerators who were under the supervision of Major H. A. Kasson, all but an even dozen have received their pay from the government. The department claims that the 12 who have received no pay have not yet finished their work relative to securing the manufacturers' statistics. Major Kasson signed the vouchers for his enumerators only when their work was completed. He says the census department has mislaid the information.
